

# Memorandum

---

To: American Heritage Girls  
From: The Association of Baptists for Scouting  
Date: May 29, 2012  
Subject: ABS Recognition of AHG as a Partner Scouting Organization

At the annual meeting of the Association of Baptists for Scouting, May 29, 2012, the ABS officially voted to recognize the American Heritage Girls as a partner scouting organization. This is in keeping with the relationship AHG enjoys with the Boy Scouts of America as a result of the Memorandum of Understanding signed between the two parties in 2009. The Association of Baptists for Scouting is pleased to endorse the American Heritage Girls as a positive and distinctively Christian scouting alternative scouting organization that ministers to girls in grades K–12. It is our pleasure to recommend the American Heritage Girls to Baptist churches looking for a scouting ministry for girls in these age groups.
